

Patent Administrators Course Mock Examination 2012

1. You work for the respected firm of patent attorneys, Picky Pedantic and Smart. Please fill in the accompanying EPO forms 1001 and 1002 using the information and instructions in Annexes A and B below, provided by your boss, John Peter Knowitall.

(20 marks)

2. The European patent application of question 1 was filed on 26th January 2012. It is now 27th February 2012. You receive a panicky phone call from your firm's accounts department confessing that they have accidentally failed to pay the extra pages fee; although the application, search, designation and extension fees were all paid on the 26th January 2012. Can the missing fee still be paid without a late payment fee? Explain your answer.

(4 marks)

3. A European patent application was published on 20th May 2011. The search report for this application was separately published on 6th October 2011, with a "category X" citation and a "category A" citation. The examination and designation fees were paid on filing. The EPO issued a Communication dated 20th October 2011, asking the applicant to confirm whether they wish to continue with the application.

- a) What are the letter/number codes used to designate the respective publications?
(1 mark)
- b) Giving your reasons and ignoring extensions, what is the last date by which the confirmation must be given?
(4 marks)
- c) What else has to be done within the same time limit?
(1 mark)
- d) State two consequences of not responding to the EPO's communication.

(2 marks)

4. A recently granted European patent application is to be validated in the following countries:

- i. Denmark
- ii. Spain
- iii. France.

Which of the following translation requirements apply respectively in each country?

- A. The full specification must be translated
- B. Only the claims must be translated
- C. No translation is needed to validate the patent

(3 marks)

5. You are notified of the Decision to Grant the European patent of question 4, in a letter from the EPO having a mailing date of 14th October 2011. This letter advises that mention of grant will be published in the European Patent Bulletin on 30th November 2011. What is the last date for completing the validation requirements in Denmark and Spain, ignoring any extensions? Give your reasons.

(3 marks)

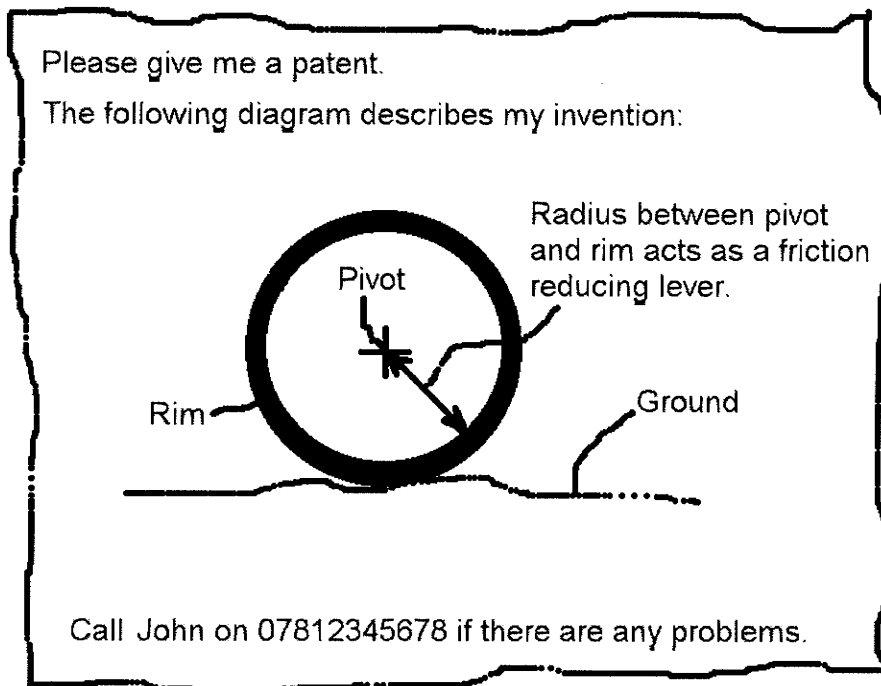

6. Answer true or false:

- a) An applicant may not file a divisional application directly derived from an International application.
- b) A divisional application may be derived from another divisional application.
- c) A Euro-PCT application from which a divisional application is derived can no longer be in the international phase.
- d) The designation fee of a divisional application has to be paid on receipt of the divisional application at the EPO.
- e) Before despatch of the Examining Division's first substantive communication, any divisional application may be filed at any time, assuming that the parent application is still pending.
- f) If a parent application was filed in Chinese, the divisional application derived from this parent application may be filed in Chinese too.

(0.5 marks each; total of 3 marks for this question)

7. State three specific examples of how an office must be run in order to meet the "all due care" requirement when seeking re-establishment of rights in the EPO. (3 marks)

8. The UKIPO receives the following note. Will it be awarded a filing date? Why? ("07812345678" is the inventor/applicant's phone number). (3 marks)

9. You receive a formalities examination report under Section 15A from the UKIPO. It informs you that a sheet of drawings referred to in the description is missing.

- a) What is the time limit for filing the missing sheet? (2 marks)
- b) If the application claims priority, what condition must be met to keep the application's original filing date, assuming the missing sheet is filed within the time limit of part (a) above? (1 mark)
- c) If the UKIPO decide that this condition (referred to in part (b) above) is not met, what can be done to retain the application's original filing date? (1 mark)
- d) Again assuming the missing sheet is filed within the time limit of part (a) above, what will be treated as the application's filing date if there is no claim to priority? (1 mark)

10. A GB patent application is filed on 4 July 2008 and granted on 11 November 2010.

(i) Explain by what date the first renewal fee must be paid to the UKIPO (without making use of the late payment grace period). (2 marks)

(ii) What is the earliest date on which this fee can be paid? Why? (2 marks)

(iii) If the fee is paid on 4th October 2012, explain how many months' late payment surcharge must be added? (2 marks)

(iv) If, instead of granting on 11 November 2010, the patent granted on 4 September 2013, how would the answer to (i) change, and what would be the fees payable? Why? (You are not required to state fee amounts in your answers to any part of this question).

(3 marks)

11. An applicant who is not the inventor requests that you file a patent application for them at the UK IPO. There is no claim to priority. Ignoring possible extensions, what forms do you need to file within the first 18 months and by when?

(6 marks)

12. Your client would like to request a two month extension of time for responding to the first Examination Report issued on a UK patent application. What action is required?

(2 marks)

13. a) Which areas of technology may be subject to restrictions on filing patent applications outside the UK? (3 marks)

b) You are resident in the UK and have been involved with the filing of a UK application which you suspect might relate to such technology. How long must you wait after the UK application has been filed, to ensure that you are not committing a criminal offence by filing equivalent applications outside the UK? (1 mark)

14. Which of the following is:

a. an unregistered right only

b. a registered right only

c. an unregistered right with a related registered right?

i) Patents

ii) Passing-off

iii) UK copyright

iv) Community Design

(2 marks)

15. A PCT application was filed on 26th January 2011 claiming earliest priority of a UK patent application filed on 27th January 2010. What is the date by which the regional phase must be entered in the EPO? Give your reasons. (3 marks)
16. What are the minimum requirements to be met in order for a PCT application to be awarded a filing date? (5 marks)
17. A PCT application is filed at the wrong receiving office ("not competent"). What will happen next and what is the filing date? (3 marks)
18. A PCT application was filed on 28th March 2011, claiming an earliest priority of 1st April 2010. The international search report was mailed to the applicant on 26th October 2011. What is the latest date by which a "Demand" must be filed, so as to obtain international preliminary examination under PCT Chapter II? Explain your answer. (5 marks)
19. A Communication pursuant to Article 94(3) EPC ("examination report") has issued on 22nd December 2011, specifying a four month period for filing a response. What is the latest date by which the response can be filed, ignoring any requests for extensions of time?
20. In the context of the Patent Co-operation Treaty, what is the meaning of the following abbreviations?
a) SISA b) IPRP c) WIPO d) IB (0.5 marks each)

Dear John

New European Patent Application
Based on GB1101234.5
"Helicopter Gearbox"

Thank you for your various reminders on this case. I am sorry for the lack of response up to now but I have just been through a sticky patch with some product liability claims arising from a casing fatigue problem. Anyway, I approve the updated draft that you sent me for the proposed European filing. Please ensure that the new application is filed by tomorrow when the priority term runs out, as I gather that this is rather important, now that we have already shipped orders for the product.

To answer your specific questions, the inventor is Dr. Xavier Horatio Clickwhizz, whose contact address is at our Northampton testing facility:

PDL Testing and Experimenting Works
Boot Lane
Northampton
NN20 2JP

I confirm that Dr Clickwhizz is directly employed by Powertrain Developments Limited, in whose name all our patent applications are filed. We will want the extra coverage in the "extension countries". For the abstract, I think that the general assembly drawing, Figure 3, best characterises the invention.

Yours sincerely,

Adrian Backlash

Case ref. JPK-21-11

Dear Administrator,

Please prepare a European patent application including the application form and designation of inventor. As usual, we will not be using automatic debiting. The deposit account authorization form withdrawing the official fees from our account no. 28050001 will be prepared by our accounts department and filed later. The specification and drawings to be used are attached. We can file directly at the EPO, as we have security clearance on the priority application.

Please order a copy of the priority document for filing in due course.

Please get the application ready for me to check and sign prior to filing tomorrow.

Thank you.

JPK – 25/01/2012

Specification checklist:

Claims – 3 pages (containing 17 claims in total)

Description – 24 pages

Formal Drawings – 11 sheets, with 14 figures

Answers

- A1. See sample forms. (Maximum score of 20 marks for this question
Deduct 0.5 marks for each mistake)

The majority of candidates knew which fields to complete with the name and address information for the various parties: applicant, inventor, attorney. Some of the more common errors were:

- omitting the return address on the receipt for documents and not completing the number of copies checkbox correctly
- not using the EPO's formatting conventions for the names of individuals
- not specifying countries in addresses or using non-standard names/abbreviations for the country in the address fields used for data capture (e.g. "UK" or "Great Britain")
- not naming the individual EPA in Box 15 of the Request form. Also, the signatory is JP Knowitall and not the firm.
- stating the Applicant's address in the first full width box on the Designation of Inventor form. Also, the "Undersigned" in the Designation of Inventor form is the Applicant, even if the Attorney is signing the form.
- not stating the Inventor's contact address in the second full width box on the Designation of Inventor form
- confusion between claiming priority and filing by reference – e.g. completing checkboxes at item 26.3 of the Request form.
- the Applicant is Powertrain Developments Ltd and not Adrian Backlash
- Address for Correspondence (Box 9) does not apply when a Representative has been appointed
- some candidates put the wrong signature date on the forms
- some candidates omitted the priority date, which is disastrous
- some candidates completed Box 42, Automatic Debit Order, or included a fee voucher (48 B 5) contrary to JP Knowitall's instructions

Because JP Knowitall's instructions did not mention the Abstract, we ignored 47 A 5 in the check list.

Answers

- A2. Yes. The extra pages fee is due 1 month from the filing date (1 mark)
= 26th February 2012 (1 mark)
A Sunday, [so EPO is closed] (1 mark)
So final date is today, Monday 27th February 2012 [the next EPO working day] (1 mark)

(Total of 4 marks for this question)

The most common error was failing to realise that 26th February 2012 is a Sunday, and therefore that a late payment fee is not required if the missing fee is paid immediately. There was also some confusion between the extra pages fee and the extra claims fee, and the different rules for their due dates. Note that EPO do not send reminder letters for the extra pages fee. The application will lapse if the fee is not paid in time.

A3.

- a) Publication without the search report: A2 (0.5 marks)
Separate publication of the search report: A3 (0.5 marks)
- b) Six months from publication of the search report (1 mark)
= 6th April 2012 (1 mark)
Good Friday; (1 mark)
EPO next open Tuesday 10th April 2012 (1 mark)
- c) Respond to the objections in the Search Opinion [there will be some, due to the category X citation] (1 mark)
- d) The application is deemed to be withdrawn (1 mark)
The examination fee is refunded (1 mark)

(Total of 8 marks for this question)

Part a) caught out many candidates, who explained what the citation categories meant, rather than answering the question. Part c) and the fact that an answer to part d) is that the examination fee will be refunded, also caused difficulties.

Answers

A4. (i) B (ii) A (iii) C

(1 mark each)

(Total of 3 marks for this question)

This question was well answered. Most candidates knew and could apply the relevant provisions of the London Agreement to the facts presented.

A5. 3 months

(1 mark)

From the date of mention of grant

(1 mark)

= 29th February 2012 [a Wednesday; no 30th Feb; 2012 is a leap year] (1 mark)

(Total of 3 marks for this question)

This question was well answered.

A6.

a) TRUE

b) TRUE

c) TRUE

d) FALSE

e) TRUE

f) TRUE

(0.5 marks each; total of 3 marks for this question)

To state the obvious, true/false questions leave no discretion in marking the answers: candidates either knew them or they didn't. Parts a) – d) produced more correct answers than parts e) and f).

A7. Any reasonable answers accepted. The notes mention:

- Detailed knowledge of the EPC and its interpretation
- Availability of relevant literature, e.g. OJEPO
- Office systems capable of ensuring that failure to adhere to time limits shall not occur
- Reasonable care in the choice of employees
- Instruction of employees in detail as to their duties
- Regular supervision of employees to ensure that their duties are performed correctly

(1 mark each,

to a maximum of 3 marks)

In contrast to Question 6, question 7 gave the opportunity for discursive answers. However answers which are short and to the point can still obtain full marks. Apart from prolixity and irrelevance, other problems with some of the answers submitted were repeating essentially the same points in different words, e.g. "1) a good diary system; 2) systems to ensure that critical dates are not missed"; or a tendency to explain the procedure for obtaining re-establishment of rights, rather than explaining the factors concerning the running of an office that will influence the outcome of that procedure.

Answers

A8. Yes.

"Please give me a patent" = something which indicates that a patent is sought (1 mark)

Phone no = information [identifying the person applying for the patent or] sufficient to enable them [the person applying for the patent] to be contacted (1 mark)

Annotated diagram = something which appears to be a description (1 mark)

(Total of 3 marks for this question)

The minor proportion of candidates who answered "No" tended to confuse the formal filing requirements of the Act and Rules with the rather more relaxed requirements for obtaining a filing date. Those who appreciated the difference were in general able to apply the relevant provisions correctly to the facts presented.

If the question asks "Why?", you must give your reasons.

A9

a) 2 months (1 mark)

from the date of the report. (1 mark)

b) it is necessary to explain where the missing part can be found in the priority application [the missing part must be "completely contained" in the priority application].

(1 mark)

c) Withdraw the missing part in writing. (1 mark)

d) The date that the missing sheet was filed. (1 mark)

(Total of 5 marks for this question)

Candidates found parts b) and c) of this question to be comparatively the most challenging.

Some candidates treated this as a priority case, not as missing pages.

A10.

i) Last day of the month containing the 4th anniversary of the filing date (1 mark)

Answers

- = 31 July 2012 (1 mark)
- ii) First day of the three calendar month period leading up to the date given above (1 mark)
- = 1 May 2012 (1 mark)
- iii) First month's grace to 31 August 2012: zero fee; (1 mark)
- subsequent **two** [months/part months] to 04 October to pay for. (1 mark)
- iv) The "normal" periods for paying the 5th and 6th year renewals are already past. Both renewal fees would have to be paid (1 mark)
- by the end of the third calendar month after the month in which grant took place (1 mark)
- = 31 December 2013. (1 mark)

(Total of 9 marks for this question)

This was a lengthy question and a significant number of candidates struggled to answer all parts.

- A11. Form 1 (1 mark) on filing [or within period specified within S.15A report if not provided on filing] (1 mark)
- Form 9A (1 mark) within a year of filing (1 mark)
- Form 7 (1 mark) within 16 months of filing (1 mark)

(Total of 6 marks for this question)

Again this question caused some difficulties, e.g. inability to apply the rule "two months from filing, or 1 year from earliest priority, whichever is the later", to the case where there is no claim to priority; going down the wrong limb. Some candidates correctly listed the forms required, but omitted the time limits for filing them. Other candidates mentioned Patents Form 10, without any mention of early publication of the application.

- A12. Request extension in writing (1 mark)
- within the extended period (1 mark)

(Total of 2 marks for this question)

Answers

This question was well answered.

A13.

| a) | Military technology | National security | Public safety | (1 mark each) |
| b) | 6 weeks | | | (1 mark) |

(Total of 4 marks for this question)

Again this question was well answered.

A14. i) b. ii) c. iii) a. iv) c.

(0.5 marks each)

(Total of 2 marks for this question)

A surprising number of candidates did not know that passing-off has a related registered right – trade mark. Apart from that, this question was well answered.

A15. 31 months (1 mark)

From earliest priority (1 mark)

= 27th August 2012 [a Monday] (1 mark)

(Total of 3 marks for this question)

Again, a well answered question.

A16. An indication that the application is a PCT application* (1 mark)

Designation of at least one contracting state* (1 mark)

The name of the applicant (1 mark)

Answers

A description [of the invention] (1 mark)

A claim or claims (1 mark)

[*If the request is in the prescribed form (e.g. by using the official form PCT/RO/101), its filing shall constitute the designation of all Contracting States that are bound by the Treaty on the international filing date (Rule 4.9(a)(i) PCT). The form PCT/RO/101 also serves to indicate that the application is a PCT application.]

(Total of 5 marks for this question)

Most candidates were able to answer this question correctly. Those who did not have the answer at their fingertips were presumably able to find it set out in their notes.

A17. The application will be forwarded to the IB [of WIPO] (1 mark)

Which is competent to receive any PCT application (1 mark)

The application retains its original filing date (1 mark)

(Total of 3 marks for this question)

The reason why the application is forwarded to the IB [competent RO] was where most marks were lost on this question.

A18. 3 months from issuance of ISR (1 mark)

= 26th January 2012 (1 mark)

22 months from earliest priority (1 mark)

= 1st February 2012 (1 mark)

Due date is the later of the two = 1st February 2012 [a Wednesday]. (1 mark)

(Total of 5 marks for this question)

This question was reasonably well answered.

Answers

- A19. 22/12/2011 + 10 days (1 mark)
= 01/01/2012 (1 mark)
+ 4 months = 01/05/2012 (1 mark)
May Day; period extended to 02/05/2012 [a Wednesday] (1 mark)

(Total of 4 marks for this question)

Again most candidates were successfully able to apply the 10 day rule. Slip-ups did not appear to be confined to any one particular stage of the calculation.

- A20. a) Supplementary International Search[ing] authority (0.5 marks)
b) International Preliminary Report on Patentability (0.5 marks)
c) World Intellectual Property Organisation (0.5 marks)
d) International Bureau [of WIPO] (0.5 marks)

(Total of 2 marks for this question)

There was a surprising variety of wrong answers to what the abbreviation WIPO stands for. The examiners speculated that candidates had perhaps become lost in the fog of acronyms used by the many registry scams prevalent these days.

The pass mark for this examination was set at 60/100, and the pass rate was 84%. The highest mark was 90.5 and the lowest 33.5.

EXPT

Diese Anmeldung gilt als Antrag, die europäische Patentanmeldung und das darauf erteilte europäische Patent auf alle Nichtvertragsstaaten des EPÜ zu erstrecken, mit denen am Tag der Einreichung der Anmeldung Erstreckungsabkommen in Kraft sind. Der Antrag gilt jedoch als zurückgenommen, wenn die Erstreckungsgebühr nicht fristgerecht entrichtet wird. /
This application is deemed to be a request to extend the European patent application and the European patent granted in respect of it to all non-contracting states to the EPC with which extension agreements are in force on the date on which the application is filed. However, the request is deemed withdrawn if the extension fee is not paid within the prescribed time limit. /
La présente demande est réputée constituer une requête en extension des effets de la demande de brevet européen et du brevet européen délivré sur la base de cette demande à tous les Etats non parties à la CBE avec lesquels des accords d'extension sont en vigueur à la date du dépôt de la demande. Cette requête est toutefois réputée retirée si la taxe d'extension n'est pas acquittée en temps utile.
