

Computer Packages Inc. (CPI) has been serving the IP community for over 50 years. CPI's web-hosted and mobile responsive IP management systems have been fully developed by expert in-house programmers. We are the only annuity provider that offers ongoing patent data checks by country-specialized analysts in over 100 countries. Successful payments, dedicated local support, and transparent invoices make us the most trusted annuity vendor in the industry.

### **CPI Product Offerings:**

#### **Patent Data Audit Service**

As an independent service, CPI's Patent Data Audit ensures the completeness and accuracy of patent portfolios on request. Verifies application status, missing family members, annuity info, owner/assignee history, etc. The service is especially helpful during times of acquisition/divestiture or new-client intake. Our combination of electronic data checks and country-specialized data analysts allow us to perform quick, high quality audits at a reasonable cost.

#### **Patent Annuity Management**

Safety first: We perform extensive data checks against patent office data in over 100 countries to ensure accurate and error free payments. Ongoing data check services, unlimited dedicated support, and CPI's Annuity Management System are included free of charge. All invoices are itemized to ensure no hidden fees.

#### **IP Management Systems**

Annual subscription includes unlimited users, data analyst and hosting services; real-time patent & trademark office data; infinite storage, and unlimited, local training/support;

- Patent Management Systems, from disclosures to annuities
- Trademark Management System
- General Matters System - to keep track of licensing agreements, litigation, other IP matters
